The newly-opened Beach Side at L'Eree still serves great fish and chips - but now there is plenty more to enjoy on the menu

THE FORMER Kingfisher chip shop has returned to L'Eree and been restyled as the Beach Side 'eat in fish and chips and seafood', serving all of the old favourites but with some clever new additions. I suspect that owner Daniel Elsadany, who has also recently taken on Sahara City at La Trelade Hotel, wanted to bring some of his experience as a restaurateur to his new venture but did not want to lose its core clientele of people who just want to order chips to take to the beach with them – which you can still do.

There is definitely a place for a no-frills value-for-money seafood cafe in Guernsey. I am tired of paying over £15 for a crab or salmon salad served in handmade earthenware pottery bowls by waitresses in denim aprons anyway. I would like to pull up to a cafe with a laminated menu and sit on a white plastic chair, like you do on your holidays, and eat great quality seafood, perhaps with salad and a chilled glass of wine, with one of Guernsey's best views to boot. Perfect. I was looking forward to the Beach Side filling the void of the wholesome type of seafood cafe I was looking for. But with the sun shining and summer very much on the way you also can't go far wrong with fish and chips. My dining companion's battered fish was a

<p>Aries Mar 21 - Apr 20</p> <p>You're organised, practical and ambitious. This helps you move up the ladder to success. If your boss can't give you a raise or promotion, you can negotiate for additional perks. More annual leave or a profit sharing agreement may be an acceptable compromise. The important thing is to be paid what you are worth. If you have a choice between taking a flat salary or earning a commission, choose the latter. You'll easily outperform the competition and will be accordingly rewarded for it.</p> <p>Call my starline for more: 0905 506 6422 (1)*</p>	<p>Taurus Apr 21 - May 21</p> <p>Having a good time is your priority. You've paid your dues and are ready for a break. Taking an overseas vacation will be lots of fun. Not only will you enjoy the restaurants, shops and places of historical interest, you'll also meet interesting people along the way. If you're single, you could fall head over heels for someone with an attractive accent. The chemistry between you will be powerful. It's possible that one of you will relocate to pursue this relationship.</p> <p>Call my starline for more: 0905 506 6422 (2)*</p>	<p>Gemini May 22 - June 22</p> <p>It's time to tell a bully to back down. In the past, you were willing to laugh off their attempts to intimidate you. Now you're tired of their behaviour. Challenging them in a public forum will turn the tide in your favour. If there's anything manipulators detest, it's having their methods exposed to the light. You're a straightforward person who doesn't enjoy playing games. The sooner you put this dynamic to an end, the happier you will be.</p> <p>Call my starline for more: 0905 506 6422 (3)*</p>
<p>Libra Sep 24 - Oct 23</p> <p>You have the power to motivate people to become their best selves. As someone who has always had excellent interpersonal skills, it's easy for you to sense what makes an individual tick. If you're leading a department, focus on bringing out the best in each member of the team. Your personal approach to management will result in sky high sales. People are impressed by your talent and will give you a handsome bonus for your efforts. Under your leadership, great things will happen.</p> <p>Call my starline for more: 0905 506 6422 (7)*</p>	<p>Scorpio Oct 24 - Nov 22</p> <p>You're in an experimental phase. Normally, you like to have a clear idea where you're going. Now you're faced with so many exciting possibilities, you're willing to adopt a more adventurous approach. If one path doesn't yield fruit, you'll just pivot. Opportunities involving self-expression will be especially enticing. Putting your thoughts into words, launching a blog or recording a podcast are among the available choices. It will be such a relief to say what's really on your mind.</p> <p>Call my starline for more: 0905 506 6422 (8)*</p>	<p>Sagittarius Nov 23 - Dec 21</p> <p>You have tremendous stamina. People can't believe how much work you've produced. While everyone else is trying to catch their breath, you keep soldiering on. This diligent attitude will yield significant rewards. Your boss will invite you to take on a top-secret project. Being able to work independently will be the answer to a prayer. Without a micromanager breathing down your neck, you'll be able to put an innovative spin on a tired format. This work will yield a tidy sum.</p> <p>Call my starline for more: 0905 506 6422 (9)*</p>
<p>Cancer June 23 - July 23</p> <p>Demand justice. You're tired of watching vulnerable people suffer at the hands of power mad officials. You've always had a great respect for tradition. This causes people to think you will uphold the status quo. Nothing could be further from the truth. When people abuse their influence, you see red. You'll expose underhanded actions to the media or police. Thanks to your courageous stance, a bad situation will come to a grinding halt. You have no intention of being complicit with this outrageous situation.</p> <p>Call my starline for more: 0905 506 6422 (4)*</p>	<p>Leo Jul 24 - Aug 23</p> <p>It's time to develop your skills. Becoming an expert in a technological field will boost your job prospects. It will be such a relief to choose from a variety of promising career opportunities, rather than accepting whatever you are offered. There's even a chance you'll be able to work from home. Being able to create a restful work environment will make your creativity soar. Having a home office will also allow you to develop better eating habits. Fast food will be replaced by homemade soups and salads.</p> <p>Call my starline for more: 0905 506 6422 (5)*</p>	<p>Virgo Aug 24 - Sep 23</p> <p>You're ready to have some fun. Taking a break from work will be exhilarating. At long last, you'll be able to give your romantic partner your full attention. Enjoying a luxurious holiday will fuel your mutual passion. It will be impossible to keep your hands off each other. Are you single? You'll meet someone special through a competition. The object of your affection admires your high standards, while you appreciate their intense focus. This is a match made in heaven.</p> <p>Call my starline for more: 0905 506 6422 (6)*</p>
<p>Capricorn Dec 22 - Jan 20</p> <p>You're ready to take your rightful place in the spotlight. You've been a wonderful support system for friends and colleagues. They appreciate all the guidance you've given. Any time someone from your inner circle sees an opportunity to promote you, they will do it. As a result, you're now receiving some exciting offers. Beginning a new job, launching your own business or taking the helm of a volunteer organisation are among the possibilities. Choose the path that is closely aligned to your heart's desire.</p> <p>Call my starline for more: 0905 506 6422 (10)*</p>	<p>Aquarius Jan 21 - Feb 19</p> <p>It's difficult for you to be assertive. You're worried that if you make special demands others will suffer. Stop buying into this line of thinking. If you get what you want, others will follow suit. There are some people around you that have benefitted from short changing the team. This is your opportunity to redress the balance. There's no reason the people at the top should reap all the benefits of your hard work. By exerting pressure, you'll win the admiration of both your peers and superiors.</p> <p>Call my starline for more: 0905 506 6422 (11)*</p>	<p>Pisces Feb 20 - Mar 20</p> <p>You expect others to follow your lead. Those who don't buy into your bold vision will fall out of favour. You have no patience for people who settle for second best. If someone asks you to become the director of a big organisation, jump aboard. You'll be able to turn this institution around. Instead of this division being a drain on finances, it will become extremely profitable. That's because you're willing to dispense with methods that no longer work. Onward and upward.</p> <p>Call my starline for more: 0905 506 6422 (12)*</p>
